

Bulk Invoice PDF Download Tool

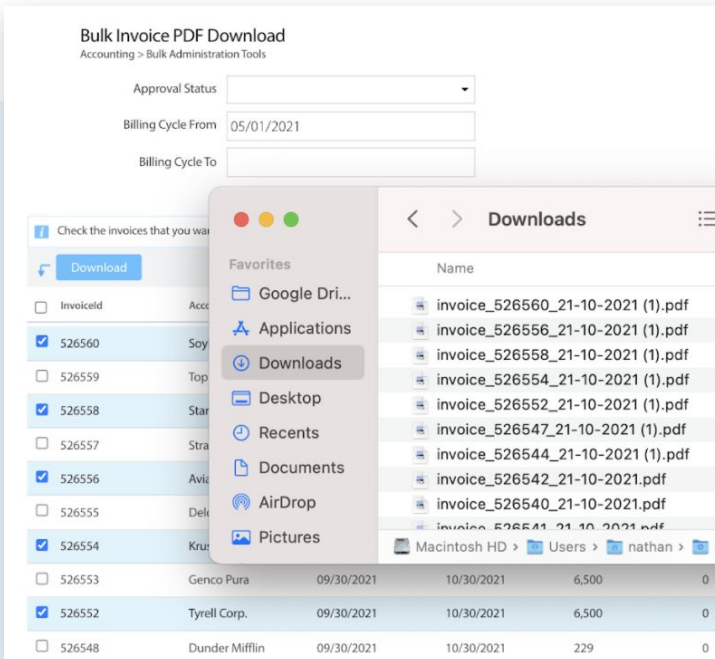

Manage invoices across a diverse product and international customer base

Use our Invoice Management tools to filter and drill into the details and download individual customer invoices.

To make this even easier, BillingPlatform provides the Bulk Invoice PDF Download Tool

- Search for closed invoices by approval status and cycle date
- Select the invoices you want, then download them all at once with the click of a button
- Then move the invoices to the directory of choice or send them directly to the printer

With the Bulk Invoice PDF Download Tool from BillingPlatform Innovation Labs work better, faster and smarter.
